Public Works Secretariat | File No | of 1942

Serial No

Letter No 13791 dated 28 2 42 from the Chief Engineer of Mysore requesting orders re the transfer of certain roads within the Bangalore City Municipality to the Public Works Depe-

It is seen from letter No L 587 83/M. 144-40-4 dt 25 7 1941 from the Law Secy to the Municipal Commissioner that a length of 18 3/4 miles of S F roads originally maintained by the City Municipality has been taken over by the PWD The Chief Engineer says that there are no such orders to this effect Before taking further action on the present reference from the Chief Engineer, it seems necessary to know the circumstances under which 18 3/4 miles of roads were transferred to PWD The Connected file of the Law Secy will be called for & appd

Transfer of certain Municipal roads to Loc for maintenance by the PWD.

It is seen from the un official note of the Chief Engineer (No NN 56 dt 16-7-41) that out of 20 3/4 miles of State Fund Roads that were originally maintained by the Bellary Municipality a length of 18 3/8 miles have already been taken over by the PWD and that he had no objection to take over for maintenance the remaining length. The Secy, PWD does not seem to have been consulted in the matter

2. It is now reported by the Chief Engineer that there are no Govt orders either to show the transfer of 18 3/8 miles from the Municipality to PWD or to show that any maintenance grants therefor were sanctioned. It is not however understood how in the absence of any specific orders the Chief Engineer has stated in his note referred to above that 18 3/8 miles are already taken over to PWD. As this is of the nature of a Commitment the Chief Engineer may perhaps be requested to explain the circumstances which led to his statement in the Uo note dt 16-7-41

are understood to be as follows.

9 ℘ • For purposes of improving and asphalting certain sections of State Fund roads within the Municipal limits some roads were taken over to this Department Estimates for these works as noted in the margin were also sanctioned and the works executed .-

1	Improving the road from Platform road to Magadi Road Ookad	Rs 7,970
2	Asphalting the two-way arch bridge at 5/2 of Madras-Cannanore road, Kengeri side.	3,380
3	Platform road	30,000
4	Improving Sankey road	8,200
5	Widening and improving Sankey road from 2/2 to 5/2	6,500

No maintenance is understood to have been done after the execution of these works There were no formal orders of Government either to the Municipality to hand over these sections of these roads to the Public Works Department or to the latter to take them over from the Municipality

20 730
1900 23 5 42

10 Even apart from the Jayamahal Road, while sanctioning the estimate for Sankey Road, Government have observed that maintenance should be done by the Bangalore City Municipality

P [illegible]
Date 26/5/42

11 Under these circumstances, if a formal handing over to the Public Works Department is contemplated, a sum of Rs.10,125 for their maintenance will at least be required every year, as reported in this office No 13797-8 dated 23rd February 1942

Transfer of certain Municipal roads in B'lore for maintenance by the PWD

File No of 194 | General and Revenue Secretariat

Serial No

In the circumstances explained by the Chief Engineer in his note paras 7 to 11 supra, the lengths of road already asphalted at Govt cost have to be maintained in future by the Municipality in accordance with the GO no L2204-23-ML 50-38 27 dated 28 8 1939, and also the length of 2 miles 3 furlongs (Madras Camanore road-Mysore side and B'lore-Bellary road upto Ballabroore north in Municipal limits) which length is now proposed to be transferred to PWD by the Municipality as indicated in para 9

It may however be stated that the statement of the Chief Engineer in his confidential note of 16 7 41 has resulted in a commitment and now modified orders are to be issued from the Law Secrett

contribution from
Since (Service tax and mileage cess are being paid to the Bangalore City Municipality, the State fund roads lying within the Municipal limits should in accordance with the Govt Order of Aug 1939 be maintained by the City Municipality itself. Necessary orders in this behalf may issue from the Law Secrett There is no reason why they should be taken over by PWD for maintenance In fact, the cost of keeping the roads should have been

Bom 3/6 Pg 16

Serial No

met by the Municipality and not from State funds

[illegible]

From the Order of 1939, it is seen that the maintenance of State Trunk Roads in Municipal limits, other than City Municipalities, devolve on the P.W.D. These roads, 18 3/4 miles in length are to be maintained by the Bangalore Municipality.

The asphalting of these roads seems to have been done at state expense as a matter of concession. There is no formal order transferring the maintenance to Government. The letter of the Law Secretary dated 25 July 1941 does not therefore seem to be based on formal orders. The Municipal Commissioner will therefore have to be informed that of the correct situation that the entire length of 20 miles 6 furlongs have to be maintained by the Municipality, as the Mileage Cess and Surcharge for these roads is being paid to the City Municipality.

GOVERNMENT OF MYSORE

Telegraphic Address

OFFICE OF
The Chief Engineer of Mysore,
Public Works Department,
Bangalore

No 13797
Encls 2

Date 20th February 1942

To

The Secretary to Government,
Public Works Department,
Bangalore

Sir

Subject - Transfer of certain roads within the Bangalore City Municipality to the Public Works Department

I have the honour to state that, in connection with the transfer of Jayamahal road at Bangalore from the Municipality to the Public Works Department for maintenance, Government intimated in G O No P W 257/S dated 12/7/1941 that the proposal of maintaining municipal roads from State Grants is not acceptable to Governmen

2 But the Secretary to Government, Law Department, has forwarded a copy of letter No L 582/M1 144-40-4 dated 25/7/1941 addressed to the Municipal Commissioner, Bangalore City, requesting him to transfer the bits of the roads as noted in the margin to the Public Works Department (copy enclosed)

	M	F
1 Madras-Cannanore Road (Mysore side)	1-	4
2 Bangalore - Bellary Road to Ballabrooie	0-	7
(or 2 3/8 miles)	2-	3

In view of G O No P W 257/S dated 12/7/1941, orders are solicited whether these sections viz , 2 3/8 miles referred to in the Law Secretary's letter in question may be taken over by the Public Works Department

3 The Superintending Engineer, Mysore Circle, has now reported that there are no Government Orders either to show the transfer of 18 3/8 miles of roads lying within the Municipality to the Public Works Department or to show that any annual maintenance grants therefo were sanctioned The Municipal Commissioner is also said to have reported that no Government Order in the matter of transfer of roads

is available In respect of the roads noted in the margin, it is stated that certain original works, viz , Asphalting platform road, Sankey Road etc were carried out in the Public Works Department during the last two years and that no maintenance work is being done on the roads lying within the Municipal limits for want of specific maintenance grant These roads are subjected to very heavy traffic requiring a mileage grant of -- Ps 1,000/- per year for maintenance-in addition to a special repair grant once in three years to recoat the surface A copy of the statement showing the grant required for their annual maintenance, if these roads are taken over by the P W D received from the - Superintending Engineer, Mysore Circle, is enclosed herewith for reference It is seen therefrom that at least a grant of Rs 10,125/- for their maintenance would be required every year The question of their annual maintenance and the allotment of specific grants, if these roads are transferred to Public Works Department, has not yet been decided by Government

1	New platform road
2	Salem-Bellary Road from Ballabroole to Tata's Institute Circle
3	Bangalore - Bellary Road from Cookad to Mehkri Circle
4	Bangalore-Magadi-Hulliyur durga road

4 I request that specific orders of Government regarding (1) the transfer of roads lying within the Municipality including the bit of 2 3/8 miles in length referred to in para 2 to the P W Department, (2) the maintenance of these roads if they are taken over by the P W Department (3) the allotment of specific grant therefor, may kindly be obtained and communicated

I have the honour to be,
Sir,
Your most obedient servant,

	2 - 3

3. Correspondence ending with Unofficial No.730 dated 23rd May 1942 from the Chief Engineer of Mysore reporting that 18 3/8 miles of Municipal roads referred to were not taken over to Public Works Department for maintenance under any formal orders of Government but they were only improved and turned at Government cost, as their condition was bad and required immediate repairs, without any commitment on the part of the Public Works Department in regard to their annual maintenance, and requesting orders that the entire length of 20 ¼ miles of roads situated within the Municipal limits be maintained by the Bangalore City Municipal Council.

Order No. L 6202-5 Ml. '76-42-2

Dated, the, Bangalore, 21 December 1942.

From the Government Order of 1939 read above, it is seen that the maintenance of only State Fund and District Fund roads within the

the limits of Towns and Minor Municipalities other than City Municipalities of Bangalore and Mysore, devolve on the Public Works Department. The improvement and asphalting of 18¾ miles of the Municipal roads in Bangalore City was however effected at Government cost as a matter of concession and it was not the intention of Government that their maintenance should be attended to by the Public Works Department. Neither were they transferred formally as such to that Department.

2. On a careful reconsideration of all the aspects of the question and in view of the fact that service tax and mileage cess are being paid to the Bangalore City Municipal Council on the roads in question, Government direct that the entire length of 20 ¾ miles (inclusive of 2 3/8 miles proposed to be transferred to the Public Works Department) situated within the Bangalore City Municipal limits be maintained by the Bangalore City Municipal Council

for Secretary to Government,
Law Department.

To

The Secretary to Government, Public Works Department.
The Municipal Commissioner, Bangalore City Municipality.
The Chief Engineer of Mysore.
The Comptroller to Government.
